HUDV 149/01	Youth, Families, Society, and Earth in Consumer Culture (Spring)	3 Credits
HUDV 150/01	Positive Aging in Adulthood and Later Life (Fall)	3 Credits

Important Notes:

- 1) Our faculty in the human development major found that many students, who seek a minor in human development, do not have an academic course foundation for the minor in human development. They are required to take the first three (3) courses listed and then can choose two (2) more courses in the list. Students who have a major in psychology are EXEMPT from the requirement to take the first three(3) required courses in human development. These students can choose any of the five (5) listed courses. The major in psychology provides a good foundation for students who seek a minor in human development.
- 2) Note that some course titles have or may change. Use the HUDV course numbers that do not change.

(This Minor is approved by the faculty in the Undergraduate Program in Human Development 2023-2024).
